

Dear GCC Members:

Our show schedule kicked off last month with our annual "Do-Over" Show on March 9. The educational aspect of the "Do-Over" shows make them ever-popular. This year was no exception. The show was held at Patty and Larry Couch's brand-new indoor facility at their Rocking C Stables in Inola. Many riders brought their young horses. The low-key atmosphere made it a great "coming-out" experience for them. Lee Ann Alf judged and gave short tutorials after each test. Participants left armed with good advice as to how better to ride their tests in the future. What a great way to start the show season!

We are thrilled that Claremore, in the heart of the Green Country area, has been chosen as the site for the ODS Adult Camp which is scheduled for May 29-31 at the Claremore Expo. How exciting that this fabulous educational opportunity will be right in our own backyard. Please check the ODS website for complete information and details!.

The month of April will be a busy one for GCC members. There are two schooling shows and a Tai Chi clinic for riders scheduled, in addition to all the other activities that come with Spring. Check the GCC website for all the details.
